Career Object

Motivated and tech-savvy Computer Science student with hands-on experience in MERN stack development. Currently completing industrial attachment and seeking to apply my skills in full-stack development to contribute to innovative projects.

Education

Diploma in Computer Science

Feni Polytechnic Institute

Expected Graduation: December 2024

CGPA: Running

Technical Skills

- Frontend: HTML5, CSS3, JavaScript, React.js, Next.js, TailwindCSS
- Backend: Node.js, Express.js, MongoDB
- Full Stack Development: MERN (MongoDB, Express, React, Node.js)
- Version Control: Git, GitHub
- Other Tools: Axios, React Query, SweetAlert, MongoDB Compass, Stripe API

Industrial Attachment

BD Calling Academy – [July-2024] to [October-2024]

Full Stack Developer (MERN)

- Collaborating with development teams to create scalable and responsive web applications using the MERN stack.
- Developing API routes and handling data fetching with Axios and React Query.
- Implementing secure API calls and managing backend operations with Express.js and MongoDB.

Projects

E-commerce Website

- Built a complete e-commerce website using React for the frontend and Node.js for the backend, integrated with MongoDB for data storage.
- Implemented payment handling using Stripe API.

User Management System

- Created a user management system with full CRUD functionality using React, Axios, and React Query.
- Integrated secure API calls and implemented user confirmation with SweetAlert.

Certifications & Trainings

MERN Stack Development – BD Calling Academy
Completed comprehensive training on MongoDB, Express.js, React, and Node.js, covering full-stack development.

Languages

- Bengali: Native
- English: Proficient
